- b) Seller's duties to defend and reimburse are each conditioned upon Buyer providing Seller: (i) prompt written notification of the Claim; (ii) all information and assistance reasonably helpful in defending the Claim; and (iii) the sole and full authority to defend or settle the Claim and any related proceedings.
- c) Seller will not be obligated to defend or be liable for any costs or damages where: (i) the infringement arises out of technology, IP, or requirements provided by Buyer or Buyer's Customers or a combination or modification of the Product with hardware, software, technology, IP, or other materials not provided by Seller; or (ii) Buyer's use of the Product is unauthorized under Section 13 or is not normal or intended according to the Specifications. Buyer and Buyer's Customers will not copy, distribute, prepare derivative works, reverse engineer, decompile, or otherwise disassemble the Software. This license will terminate automatically upon breach of any license terms.
- f) As between Buyer and Seller, Seller owns and retains all IP in, relating to, or arising from or with respect to each Product, whether or not such Product is a Special Product or a Product developed to specifications furnished by Buyer. Other than the Software license above, Seller does not grant, convey, or confer any ownership, interest, right, or license, express or implied, in or to any IP of Seller. Seller owns and retains all interest in, title to and possession of all tooling of any kind (including masks and pattern generator tapes) and related IP used in production of the Products.

11. LIMITED WARRANTIES; EXCLUSIVE REMEDIES. Seller warrants to Buyer that Standard Products (i) are, at the time of Delivery, free from material defects in materials and workmanship and (ii) will, for a period of one year following Delivery, materially conform to the Specifications. This warranty and any remedy extend to Buyer only and Seller has no liability to any of Buyer's Customers, users or any other third party. Except for this limited warranty, Seller makes no other warranty and disclaims all other warranties or liabilities as to any Product, Software or IP, whether express, implied, statutory, or otherwise, including all warranties of merchantability, fitness for a particular purpose, title, ownership, non-infringement, and non-misappropriation. Special Products, labeling on Products and packaging that are intended solely for compliance with applicable law, and all Software are provided "as is" and without any warranty of any kind. The warranty obligations of Seller and the remedies of Buyer set out in this Section 11 are the sole and exclusive obligations of Seller and the sole and exclusive remedies of Buyer for all Claims and other liabilities arising out of or in connection with any warranty, nonconformance, failure, defect or breach of warranty. No obligation or liability will arise out of Seller's rendering of advice or service in connection with Buyer's purchase of the Products or any repair or replacement of a Product. No warranties will apply after the one-year period. Seller does not offer any warranties of any kind, and expressly disclaims all implied warranties, on services provided by Seller which are ancillary to the purchase of Products by Buyer including, but not limited to, software modifications, board-level designs, and reviews of Buyer's products or designs. Buyer is solely responsible for complete and thorough testing of Buyer's hardware and software and their interaction with the Products even if Seller has advised or assisted Buyer with such or testing. The aggregate cumulative liability of Seller, its affiliates, and their employees, directors, or agents ("Seller Parties") for all Claims ever made by Buyer against Seller (inclusive) arising out of or in connection with any and all Orders, Order Documents, Products, Software or Claims shall not exceed, individually or collectively, and Buyer releases all such Claims against (and liability of) Seller Parties in excess of the net proceeds received by Seller for the Purchase Order preceding the event giving rise to first claim, or \$1,000,000, whichever is less. The existence of one or more Claims will not enlarge or extend this limit. These limitations apply notwithstanding any failure of essential purpose of any limited or exclusive remedy. In no event will Seller Parties be liable to Buyer or any third party for any special, collateral, indirect, incidental, consequential, exemplary, punitive, or enhanced damages ("Excluded Damages"). Excluded Damages include costs of inspection, removal, and reinstallation of products or other items, rework, re-procurement or recall costs (including administrative and personnel costs) of replacing or substituting items, loss of goodwill, loss of revenue or profits, and loss of use, without regard to whether Seller has been notified in advance of the possibility of any such Claim or damage. Except to the extent liability is not excludable by applicable law, these limitations apply to personal injuries (including death) caused by Seller's negligence. The allocation of risk contained in this Agreement is reflected in the price of the Products and is reasonable in all circumstances having regard to all relevant factors, including the parties' relative bargaining positions.

13. UNAUTHORIZED USES. Products are not designed, intended, authorized, or warranted for any particular industry standard including, without limitation, standards applicable to medical, financial, government, aeronautical, aerospace, military, or nuclear applications. Unless Seller has explicitly designated an individual Product as meeting the requirements of a particular industry standard, Seller is not responsible for any failure to meet such industry standard requirements. For example, Products shall not be used for automotive or transportation applications or environments unless the specific Product has been designated by Seller as compliant with ISO/TS 16949 requirements. Products are not medical class devices and the use in such applications requires certification from the medical equipment manufacturer for the specific intended use, provided further, however, that the use of Products in any life critical application is strictly prohibited. Products shall not be used if they have been subjected to operating or environmental conditions in excess of limits established in the Specifications or otherwise has been subjected to static, failure to ground properly, accident, mishandling, damage, misuse, abuse, neglect, alteration, or improper or unauthorized testing, installation or repair. Buyer is solely responsible for the design, validation, and testing of its applications and the use of Products in such applications including, without limitation, compliance with all legal, regulatory, and safety-related requirements. Buyer represents that, with respect to its use of any Products in Buyer's applications, Buyer has all necessary expertise to create and implement safeguards that (1) anticipate dangerous consequences of failures, (2) monitor failures and their consequences, and (3) lessen the likelihood of failures that might cause harm, and to take appropriate remedial actions. Buyer agrees that prior to using or distributing any applications that include any Products, Buyer will thoroughly test such applications and the functionality of any Products used in such applications. Any unauthorized sale, use or inclusion by Buyer or any of its direct or indirect customers is fully at Buyer's risk and voids any and all of Seller's obligations and warranties. Buyer will fully indemnify Seller and its representatives against any damages, costs, losses, and/or liabilities arising out of Buyer's non-compliance with this section.

14. GOVERNMENT CONTRACTS. All Products of Seller are commercial items as defined in FAR 2.101. If Buyer sells Products to any Government, or to a Government prime contractor or subcontractor, Buyer shall be solely and exclusively liable for compliance with all Government acquisition statutes and regulations. Seller makes no representations, certifications, or warranties whatsoever about compliance with Government acquisition statutes and regulations, including, without limitation, those that may relate to pricing, quality, origin or content, and specifically rejects the flow down of all FAR clauses not required to be included in a subcontract for commercial items. All rights in technical data, intellectual property and software owned or licensed by Seller are hereby reserved and deemed restricted or limited. Under no circumstances shall Buyer or Buyer's Customers receive rights or documentation greater than that which is generally made available by Seller to its other commercial customers.

15. LEGAL COMPLIANCE. Buyer will comply with all applicable laws and regulations. The Products, Software or related technologies may be subject to export license or other international trade controls. Buyer represents, warrants and certifies that Buyer will comply with applicable laws and regulations relating to export or re-export, including the Export Administration Act of 1979, as amended, the U.S. Export Administration Regulations and U.S. Foreign Assets Control Regulations, 31 C.F.R., Chapter V.

16. BUYER'S DUTY TO DEFEND. Buyer will defend Seller Parties and reimburse Seller Parties for all Claims, taxes, penalties, interest, costs, assessments and expenses (including court and attorney's fees) that arise as a result of or in connection with any inadequacy or invalidity of any tax exemption certificate submitted by Buyer or any act, omission or misrepresentation of Buyer or any of its affiliates, employees, agents, contractors, customers, users or representatives, including any breach of Sections 9, 13, 14, or 15.

17. DISPUTES, APPLICABLE LAW AND FORUM. All disputes relating to this Agreement or any other Claims arising out of or related to the relationship of the parties ("Disputes") shall be resolved exclusively by the following sequential methods, except that Seller may take immediate legal action to prevent immediate or irreparable harm to it or for Buyer's failure to make payments under Section 6. Upon written notice by one party to the other of a Dispute, the parties will first attempt to promptly resolve the Dispute by negotiation for a 45-day period. If not so resolved, all Disputes shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce (or, if in Singapore, the Rules of the Singapore International Arbitration Centre) by one or three arbitrators appointed in accordance with said Rules. Discovery will be reasonably limited according to the amount in dispute. If a party unreasonably delays in submitting to binding arbitration, then the other party may commence litigation in a court of competent jurisdiction specified in this Section 17. Litigation or arbitration shall be commenced solely in the parties' respective individual capacities, and not as a plaintiff or class member in any purported class or representative proceeding. Each of the parties waives its right to a jury trial. Each party will bear its own costs in dispute resolution including attorney fees, except to the extent that a court or arbitrator awards costs to one party. All Dispute negotiations will be confidential settlement negotiations that are inadmissible as provided by applicable rules of evidence in litigation. The English version of any documents shall control and all proceedings will be in English. The parties consent to the sole, exclusive personal jurisdiction, choice of law (without regard to conflicts of law principles) and venue for all meetings, hearings, or proceedings as follows: if Seller is Ambiq Micro Inc.: City of Austin, Travis County, State of Texas, USA. The United Nations Convention on Contracts for the International Sale of Goods will not apply to any Order, Order Document, or any sale of Products to Buyer.

18. FORCE MAJEURE. Seller shall not be in breach of this contract and shall not be liable for any non-performance or delay in performance if such non-performance or delay is due to a Force Majeure event or other circumstances beyond Seller's reasonable control, including but not limited to shortages of labor, energy, fuel, machinery or materials, technical or yield failures, war, civil unrest, any natural disaster, fire, flood, earthquake, explosion, terrorist acts or Act of God. In the event of a shortage of components, Seller may, at its sole discretion, allocate component production and deliveries.

19. MISCELLANEOUS. This Agreement will be binding upon and inure to the benefit of the parties and their respective permitted successors and assigns. There are no third party beneficiaries to this Agreement. Buyer may not assign this Agreement in any respect without the prior written consent of Seller. Seller may assign this Agreement, in whole or in part, or any of its rights or obligations hereunder without notice to or consent by Buyer. Seller may subcontract manufacturing or other work as to any or all Products without notice to or consent of Buyer. The failure of a party to enforce any right hereunder shall not waive that or any other right. If any provision of this Agreement or any Order Document is held to be illegal, invalid or unenforceable, then (i) such provision will be reformed to cure or remove such defect and if not reformed will be severed, (ii) the legality, validity and enforceability of the remaining provisions will not be affected or impaired, and (iii) the parties will endeavor in good faith to replace the severed provisions with valid provisions of the same or similar economic effect. The invalidity of a provision in a particular jurisdiction will not render unenforceable such provision in any other jurisdiction. No amendment or modification to the Order Documents will be effective unless

specifically agreed in a writing signed by Seller. Notices to Seller should be in writing sent by tracked next-day delivery service to: Ambiq Micro, Inc., 6500 River Place Boulevard, Building 7, Suite 200, Austin, Texas 78730, Attn. Controller; cc: General Counsel. All rights, remedies and powers of Seller are cumulative and may be pursued or enforced in any manner or order. Section headings are included for convenience of reference only. The word "including" will be interpreted to mean "including but not limited to". Sections 2, 9 to 17, and 19 survive any termination of this Agreement.
